Data Protection

The Scout Movement in the United Kingdom is a membership organisation. To enable it to operate and communicate with its members it is necessary to maintain records about them. This includes keeping details of name, address, date of birth and contact telephone numbers. We also keep records of progress through Scouting - badges gained etc. Information held in our group may be shared from time to time within Scouting, including the headquarters of the Association in its annual census.

New legislation came into force in May 2018 2000 which covers the protection and processing of personal data. Adults and young people have the same rights under the Data Protection Act 1988 which covers paper-based as well as computer-based information. Information that we hold will only be used in connection with your child's membership of the Scout Movement and will not be passed to third parties outside the Scout Movement without your consent. You may ask to see the information that we hold. If you have any concerns about this policy please talk to a leader.

It is important that we always have your correct address and telephone number for use in emergencies. If you do move to a new house or change your contact details (including e-mail address) please tell us.

* Your e-mail address will be added to our mailing list so that we can keep you up to date electronically

I consent to my child named above becoming a member of 1st Shelford & East Bridgford Scout Group and accept the data protection and publicity policies that have been explained to me.

Signature of parent/guardian: _____

Personal Information Form

Ethnicity & disability information

Scout headquarters now asks us to provide ethnicity and disability information for our members. The information you provide will be stored on your child's record and sent to Scout headquarters on our annual census return. It will help the Scout Association match their data more closely with the UK National Census and gain a more accurate picture about whether or not Scouting truly reflects our local area.

If you have any concerns about providing us this information please speak to a leader.

Ethnicity

The ethnicity information uses the standard categories that are used in the national census. Choose the one that is appropriate and enter the letter on the personal information form.
